Dear Ms. Ball:

Best and Final Offer (BAFO) #001 request for Alternatives to Abortion Program Services was issued on September 27, 2016. On September 29, 2016, an e-mail was issued by Jason Kolks advising The L.I.G.H.T. House, Inc. the BAFO #001 request for RFPS30034901700042 was indefinitely extended. With the exception to the revisions to RFPS30034901700042, BAFO #001 is hereby cancelled in its entirety.

In accordance with paragraph 3.2 of RFPS30034901700042, this letter shall constitute a second official request by the State of Missouri to enter into competitive negotiations with your company. Included with this letter are two (2) attachments.

One attachment is a new complete copy of the RFP that includes changes to the RFP as a result of the BAFO #001 request as well as additional changes to the RFP as a result of BAFO #002 request.

The RFP includes Best and Final Offer #002 (BAFO #002) as the cover page. Be sure to have an *authorized representative of your organization* complete and sign the BAFO #001 and BAFO #002 cover pages and return with your BAFO response.

Another attachment is the BAFO #002 Request List which supersedes the BAFO Request List issued with BAFO #001. The BAFO #002 Request List includes a list of areas identified in your proposal as concerns, areas requiring clarifications, and areas of deficiency, which may not comply with the requirements of the RFP. The list also includes a request for specific responses to identified RFP paragraphs.

In your response to BAFO #002, you may make any modification, addition, or deletion deemed necessary to your proposal. However, it is not necessary for you to resubmit *your entire proposal*. Only the signed BAFO #002 Forms, any response to the BAFO #002 Request List, and any portions of your proposal that are being revised as a result of this request for a Best and Final Offer need to be submitted.

Furthermore, please understand that your response to this BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best offer, including a reduction or other change to pricing. Also, ensure your response to this BAFO request addresses the latest version of each paragraph/exhibit of the RFP.

You are requested to respond to this BAFO request by submitting a written, sealed "Best and Final Offer" BY 5:00 PM CENTRAL TIME ON October 25, 2016 to:

VENDOR INFORMATION

The vendor should provide the following information about the vendor's organization:

1. Provide a brief company history, including the founding date and number of years in business as currently constituted.

The LIGHT House was founded in Kansas City, Missouri in 1985. We have continuously provided services for women experiencing unplanned pregnancy for over 30 years. All those we serve have chosen LIFE for their unborn baby.

2. Describe the nature of the vendor's business, type of services performed, etc. Identify the vendor's website address, if any.

The LIGHT House provides programing in the following three areas:

Our **Maternity Home** is licensed by the Missouri Department of Social Services Children's Division. Originally located in the former convent at Meyer and Paseo, the maternity home was moved to a restored 1920's house in midtown Kansas City, Missouri in the mid 1990's. Currently we are licensed to provide 365/24/7 residential services for a maximum of 14 clients (mothers and children). Our maternity home accommodates young ladies who choose to parent their child as well as those who have chosen adoption for their unborn baby. The maternity home has six private bedrooms available to house the mothers and any children they have newborn through the age of three.

The maternity home program offers all-inclusive care at no charge to the client. All clients have access to prenatal care and our nurse is available 365/24/7 to respond to any medical questions. Every client we serve has access to transportation, parenting skills classes, case management and therapy services. Additionally, every client is referred to job training and placement services, education services and all clients are given life skills, including but not limited to: paying bills, budgeting, cooking, cleaning, financial and home organization. These skills trainings are provided to empower clients to be able to provide for their families in the future. The LIGHT House promotes responsible paternity and allows for involved fathers to access education services as well.

Maternity home clients attend our outreach class weekly, there they receive training, including, but not limited to: safe sleep, breastfeeding, the importance of taking folic acid, impact of substance use during pregnancy, the importance of prenatal care, immunizations, shaken baby syndrome, car seat safety and nutrition and healthy eating.

Our **Outreach Program** and baby boutique are located in the administrative offices at our satellite location. Our outreach program meets weekly and includes parenting education on a variety of topics. The mothers earn "points" for participation which are used for shopping in our baby boutique. The boutique is stocked with donated items such as formula, diapers, clothing, toiletries and various furnishings.

Our **Adoption Agency** is licensed by the Missouri Department of Social Services Children's Division. Our adoption agency is operated out of our administrative offices located at 400 West Meyer Boulevard in Kansas City, Missouri. While the majority of

adoptive couples are from the Kansas City metro area, we work with prospective adoptive families throughout the country. Our adoption agency works with birth mothers who deliver their children in the state of Missouri. These birth mothers may either be housed in the maternity home or in the community.

The vendor should provide a total price with a price analysis for the client services identified in the narrative.

Jessica Smith has recently graduated from high school. She wants to pursue a career as a high school English teacher. She has applied and been accepted as an incoming freshman at a local college.

Jessica has just learned that she is six weeks pregnant. She does not currently have a job, and her boyfriend, also a recent high school graduate, is also unemployed. They are both 18 years of age and had planned to get an apartment together. Neither one of them has monetary support from their families.

Jessica currently lives 15 miles from the contractor's service location, but does not have a vehicle. If she continues with her higher education plans at the local college, she will be 30 miles away from the local college. She has contacted your organization and is unsure of her decision to parent or adopt.

Narrative:

Jessica contacted The LIGHT House Hope Line to ask for community resources. Upon discussion with Jessica it was deemed that she was eligible for the residential program. After weighing the options of moving into an apartment with her boyfriend or receiving services in The LIGHT House maternity home, Jessica decided that she would like to meet for an interview and be assessed for the maternity home program. After meeting with the professional case manager for an assessment and conducting the Individual Risk and Needs assessment, it was determined that Jessica would qualify for both the maternity home and the Alternatives to Abortion program. The professional case manager gathered and reviewed Jessica's records with the program director, nurse, and counselor, and it was decided it would be appropriate for Jessica to be accepted into the maternity home program; Jessica would benefit from the following services: case management, medical, counseling, education, transportation, and parenting skills.

Jessica was admitted to the maternity home program. Jessica and the professional case manger worked together and developed Jessica's personalized service plan within 10 days of admission.

Jessica was screened for Drug and Alcohol abuse as well as Domestic Violence. No issues were identified.

Jessica worked closely with her professional cased manger to create a personalized service plan to address her physical, educational, emotional and social goals. These goals were reviewed during their case management sessions. Jessica also attended the weekly courses offered at the maternity home, which addressed issues including, but not limited to: spiritual growth, prenatal care, health and nutrition, education and career, emotional and counseling, parenting skills, social, financial and individual goals.

With the help of the staff nurse, Jessica was referred to MO HealthNet for pregnant women, and obtained pregnancy medical coverage within 2 weeks. Jessica began her prenatal appointments, and routinely attended them throughout her pregnancy. The nurse helped monitor needed medical appointments, including vision and dental. With the help of the case manager, Jessica enrolled in the WIC program.

Jessica's boyfriend, the father of the baby, was able to attend all medical appointments and life skills and educational classes.

Jessica had several options regarding continuing her education. Staff was prepared to help Jessica get to and from the college in which she was enrolled; however, Jessica decided to pursue a community college located near the maternity home. At the community college, Jessica began completing her prerequisite courses which will transfer fully to a four year colleges. Jessica was able to utilize several modes of transportation to get to school including, walking (less than one mile), the city bus or allow staff to transport her when necessary.

Jessica was enrolled in the program when she was seven weeks pregnant, she remained in the maternity home for the remaining 33 weeks of pregnancy and stayed 16 weeks post-partum (total 49 weeks equaling 343 days). Jessica and her child currently reside in low-income housing; the professional case manager at the maternity home will maintain contact with her for a year following her departure date; additionally, she is eligible for Outreach Services until her child is 3 years old.

Instructions for Certification

1. By signing and submitting this proposal, the prospective recipient of Federal assistance funds is providing the certification as set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective recipient of Federal assistance funds knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Department of Labor (DOL) may pursue available remedies, including suspension and/or debarment.
3. The prospective recipient of Federal assistance funds shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective recipient of Federal assistance funds learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective recipient of Federal assistance funds agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the DOL.
6. The prospective recipient of Federal assistance funds further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may but is not required to check the List of Parties Excluded from Procurement or Nonprocurement Programs.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the DOL may pursue available remedies, including suspension and/or debarment.
